## Automated EV Isolation

Isolation equipment for EXoPERT

Effortless isolation through automatic system

### Short hands-on time

- No need to hassle with inserting 10 or more EP tubes at a time
- Just insert the holder containing our cartridge, press a single button, and you're done!

### Easy UI design

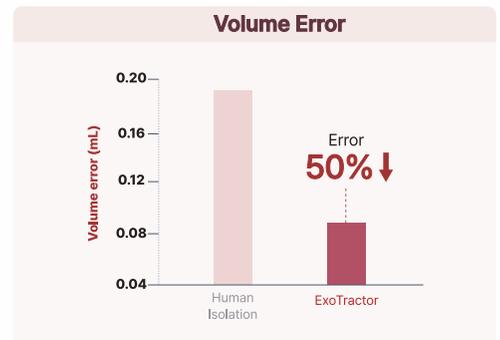

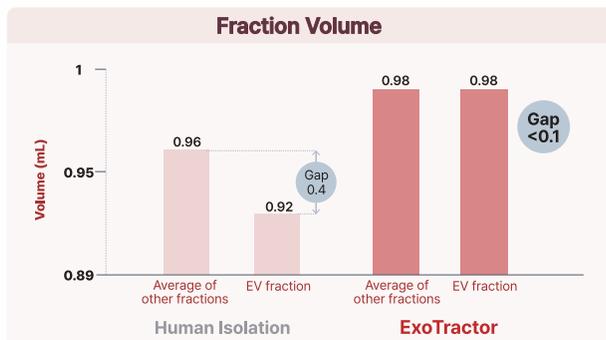

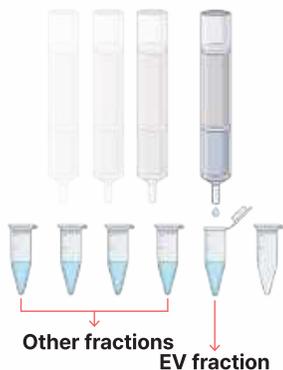

- Easy touch screen UI, Progress bar, Estimated time to end

### Don't worry

- Even if you forget about that you were isolating EVs, we'll be securely collecting the fractions for you

#### Isolation Performance

ExoTractor minimizes variability, ensuring reliable results
